

# ENTRECOM 4 ALL

PRESS RELEASE

## PROJECT KICK-OFF

**THE ERASMUS+ PROJECT ENTRECOM4ALL HAS OFFICIALLY LAUNCHED.**

This release from the consortium together marks the beginning of the project and makes a declaration of intentions, we will do everything in our power to offer quality deliverables that effectively helps individuals improving their entrepreneurship competencies.

The first meeting of EntreCom4All was held in Madrid. It marked the beginning of this very challenging but exciting project. Our aim to offer OERs for everyone to develop their entrepreneurial competences.

The discussion focused on project objectives, with particular emphasis on the IO1 & IO2 previously approved. The final intention was to convey to the partners a global understanding of those objectives.

Regarding the IO1, the Self-Assessment Framework, Inova Consultancy lead a brainstorming process to create a successful workplan to develop the actions regarded in the Intellectual Output 1 successfully.

Regarding the IO2, UPM launched an open discussion on four elements to be taken into account:

- a) Pedagogical approach behind the taxonomy: contents and how to use them.
- b) Catalogue of OER tags
- c) Platform functionalities
- d) Language Resources
